ARMY RELEASES STUDENT TROOPS

Officers Pleased that Less
Than Half Take Advan-
tage of Order.

Twenty-three of the forty-seven stu-
dents in the District National Guard will
take advantage of the student release
order of the War Department in Sep-
tember, according to an official count
taken at Camp Ordway under orders of
the Department of the East. Maj. Gen.
Leonard Wood sent a telegram to Brig.
Gen. William E. Harvey asking the num-
ber of students and the number who
will apply for discharge.

In the Third Infantry and the Medical
Corps detachment, out of 960 men there
are twenty-five students, thirteen of
whom will take advantage of the student
release order. Troop A has twenty active
students, but only eight will apply for
discharge. Two men will leave Battery
A on account of the order.

The following table shows the number
in each company, the number who will
apply for discharge, and the enlisted
strength of the companies:

Headquarters Company	Students	Strength
Supply Company	2	10
Machine Gun Company	2	20
Company A	2	60
Company B	1	60
Company C	1	60
Company D	1	60
Company E	1	60
Company F	1	60
Company G	1	60
Company H	1	60
Company I	1	60
Company K	1	60
Company L	1	60
Company M	1	60
Sanitary Troop	2	20
Total	23	560

The officers of the camp believe the
order uncalculated. They claim that
the students are those who can be best
spared from civil life, as they have no
dependents and can give a few months
of their school life without harm.

The officers are pleased that about 50
percent of the students are staying with
the Guard.

PLANS PRISON DE LUXE FOR ILLINOIS CRIMINALS

State to Provide Sunshiny Cells, with
Washed Air Ventilating Unique
Circular Structure.

Special to The Washington Herald.
Joliet, Ill., Aug. 18.—Prison cells de
luxe—each an outside room with care-
fully washed air, glass roofs and all mod-
ern conveniences—get your orders in
early.

That is what the State of Illinois is
providing for its erring population. If
there is anything in modern penal archi-
tecture that has been overlooked the au-
thorities are anxious to know what it is.

Each cell will be an outside one be-
cause the cellhouses are to be circular
in form. The new penitentiary is being
built on a tract of 2,100 acres, four miles
from the present prison, northwest of
Joliet. It is to cost \$2,500,000 and the
foundations of one cellhouse have just
been laid.

The plan contemplates eight circular
cellhouses around a central dining hall.
Every cell will be an outside cell and its
window will open in the walled-in prison
yard.

In the center of the cellhouse will be
an observation tower. In this guard
constantly will be on watch.

The roof of the cellhouse will be of
glass. An elaborate ventilating system
will be installed. The air will be washed
and heated. Sunshine will reach every
cell.

in the Bureau of Standards, has been
promoted from \$750 to \$900 a year.

Guy M. Williams, assistant engineer in
the Department of Commerce, has been
promoted from \$1,600 a year to \$1,800.

Thomas G. Jordan and John H. Kerr,
connected with the Department of Com-
merce, have resigned their positions.

Mr. Clarence A. McKee, superinten-
dent of schools of Phoenix, Ariz., is in
the city for a few days, the guest of
Dr. Everett M. Ellison.

GIRLS WIN IN BABY CONTEST

Judges Award Them First
Four Places at Camp
Good Will.

A baby contest was held at Camp Good
Will yesterday when the 2-year-old babies,
who have been former residents at the
camp during this summer, came out with
their mothers to pay a visit.

About twenty members of the Mount
Pleasant W. C. T. U. also spent the day
at the camp and aided in the judging of
the babies.

In the morning the visiting babies played
on the lawn with the residents of the
camp while their mothers chatted. Mrs.
Parks gave the W. C. T. U. delegation a
lecture on temperance.

Lemonade was served on the lawn at
luncheon. Then a committee of the tem-
perance workers, aided by Mrs. Alice Her-
bert, nurse of the camp, looked over the
youngsters under 2 years of age and pick-
ed out the best four. Girls won all four
places. Misses Lillian Hargraves, Mar-
garet Carroll, Isabelle Hargraves and
Mary Morisi were the prize winners.

With watermelons, ice cream and a
band the Navy Yard men will entertain
the children at Camp Good Will tonight.
Irving R. Schwing, who is in charge of
the entertainment, has asked Miss Mar-
garet Simpson, superintendent, to allow
the youngsters to stay up a little later
than usual to enjoy the good time, and
she has consented. The watermelons will
be given to the children in the afternoon and
the ice cream at night.

Miss Simpson said that none of the
children had suffered ill effects from the
watermelons of Wednesday night. The
good health of the camp is due to a pre-
ventive measure she took, she believes.
She made all the children run around be-
fore they went to bed in order to "jog
the watermelon down," as the children
said.

TYPOS PLAN MEMORIAL TO WILLIAM PRESCOTT

Would Erect Office Building as Head-
quarters for International
Organization.

(By the International News Service.)
Baltimore, Md., Aug. 18.—An office build-
ing as headquarters for the International
Typographical Union at Indianapolis was
proposed as a memorial to William B.
Prescott at the convention of the union
here today. The resolution was referred
to committee. It is proposed to float a
bond issue to pay for the building, which
will relieve the union of rentals of \$5,000
year now paid for offices in Indianapolis.

Delegate Daniels, of Dallas, Texas,
argued in favor of prohibiting negroes
from being taken into the union, but
the committee on laws reported against
the ban on negroes.

One of the propositions promptly de-
feated at today's session was to prevent
the debarment of any member more than
six months for any offense.

DEPARTMENT TO ISSUE HEALTH CERTIFICATES

Parents Not Assured Entrance Into In-
fected Communities, Regardless
of Children's Health.

Certificates to touring parties includ-
ing members under 16 years of age are
being issued by the Health Department,
although the officials cannot guarantee
that they will be honored by the com-
munities infected with infantile paralysis
in New Jersey.

The certificates are issued at the head-
quarters, Room 8, District Building,
and can be obtained in cases of emer-
gency until 11 o'clock at night. The cer-
tificates merely state that the holder has
not been reported to the department at
any time as suffering from infantile pa-
ralysis.

Another case of the disease was re-
ported to the authorities yesterday. The
patient is a boy, 2 years old, living in
the 400 block, H street northwest.

This makes a total of six cases under
surveillance in the District. Fifteen cases
have been reported since the first of
July. An official of the department stat-
ed last night that the situation was not
alarming for Washington, and there
seemed to be no immediate danger of an
epidemic here.

SUES DISTRICT FOR \$92.65.

Would Recover Money Charged for
Water Main.

J. E. R. Ray has sued the District of
Columbia for \$92.65. He claims in his suit
that he was charged this amount for a
water main which he insists does not
come within four squares of his property.

This water main, he says, was originally
meant to approach his property.

Seven Days Without Stopping.

The King non-stop car, which started
seven days ago on its continuous run,
made its final stop in front of the Mun-
sey Building at noon yesterday with a
record mileage of 3,000 miles.

GARDNER WOULD PROBE NAVY SHOOTING MARKS

Says Daniels' Figures Are Based on
"Imaginary" Target Seven Times
Size of Mark Used.

To find out just how many times the
battleship gunners hit the target during
the spring practice of the fleet in Febru-
ary and March this year, is the purpose
of a resolution to be introduced in the
House by Representative A. P. Gardner
today.

From various sources the Massachu-
setts representative has compiled figures
showing that six battleships struck the
mark 51 times out of 75 shots fired. Sec-
retary of the Navy Daniels registers the
hits as 107.

According to Gardner the discrepancy in
figures is due to the fact that while he
has compiled his figures from actual hits
on a target 90 feet long and 30 feet high,
the figures of Secretary Daniels are based
upon imaginary hits compiled on the
assumption that the target was 600 feet
long and 30 feet high.

BURLESON DEPOSITS POSTAL SURPLUS

(By the International News Service.)
Postmaster General Burleson has for-
warded to the Treasury Department a
check for \$5,300,000 in payment of surplus
in postal revenues for the past fiscal
year.

In acknowledging the check yesterday
Secretary of the Treasury McAdoo wrote:
"This is the third time since the year
1898 that surplus postal revenues have
been deposited in the Treasury, all
three times since the beginning of your
administration."

SUES FOR AUTO INJURIES.

Ten Thousand Dollars Asked by
Victim of Collision.

Perry E. Davis filed suit in the District
Supreme Court yesterday for \$10,000 dam-
ages against Goodman Hayes.

He claims in his petition that Hayes' car
while negligently operated at Fifth
and D streets northwest June 10 last seri-
ously injured him as a result of a col-
lision. Attorneys J. T. Howard and
Charles V. Meehan represent the plain-
tiff.
